EPIC-N Membership Details

The Educational Partnerships for Innovation in Communities - Network (EPIC-N) aims to unite communities with the untapped potential of universities to exponentially improve conditions for human flourishing. EPIC programs improve the quality and social wealth of community partners by expanding their social or economic inclusion, environmental sustainability, and effective democratic government.

EPIC-N exists to increase the number, quality, performance, and influence of EPIC programs globally. It offers many resources to nonmembers and members. Pages following this table describe the resources in greater detail.
